1X4 LED ULTRA SLIM PANEL TROFFER
D14

FLAT PANELS

PRODUCT DESCRIPTION

The Etlin-Daniels RTP414-403350-WH Ultra-Slim LED Panel Troffers offers energy savings, reduced maintenance and improved illumination advantages over traditional fluorescent fixtures. The Edge-Lit, high performance diode components and premium polycarbonate lens provide even and glare-free lighting.

With our new 120-347V driver, there is no longer any need to stock different voltage of each panel. And, with three mounting options - recessed/surface/suspended - our LED panels will compliment any office, educational, healthcare, commercial or industrial application, whether they be used to retrofit and upgrade the look of an existing site, or installed in a new build. For further energy savings, take advantage of the 0-10V Continuous Dimming. Available in 3000K, 3500K and 4000K.

FEATURES

- Indoor LED Light Source
- Light weight and durable aluminum and polycarbonate housing
- Edge-Lit surface illumination glare-free uniformity
- Recessed, Surface & Suspension Mounting available
- 120-347V Driver - covers all potential voltage installations
- Earthquake Clips for secure recessed installations
- Easy and secure wiring with pre-installed disconnects
- 0-10V Continuous Dimming
- 5 year warranty
- 50,000 hours L70
- DLC Standard
